Grant Manager: Roberta Joy Lee Phone:208-926-4362

Address: P. O. Box 310
Kooskia, ID 83539

In the space below or on an attached sheet, answer the following questions for EACH element in your scope of work.

Interim - All of these questions should be answered for EACH project in all reports except the final report. List element by name & element number.

1. Has the element been completed? YES
2. If the element is in progress:
   (a) What has been accomplished?
   (b) What remains to be done?
   (c) Are there any problems?
3. If the element hasn't been started, why?
4. What benefits have been realized to date? (Include statistical information.)

Final -This is your last report. Answer each question by element and project in your scope of work.

1. What was accomplished? We have managed to keep the office open on a part-time basis, while still sending packets as needed and advertised our local functions as well as advertising in other publications. (N.C.I.T.A., ETC)
2. How did it promote travel in Idaho? We have a brochure rack at the Kooskia Crossing Kiosk and keep the racks filled with brochures and books on the area. We also advertise in publications that are distributed throughout the state.
3. Provide statistical information and what evaluation technique was used to determine. We determine how well we are doing by the number of Brochures and magazines that we either send out or that are picked up here at the Visitor Center or at the Kiosk.
4. List any recommendations for project improvement. It would be so nice to be able to attract some of the senior citizens who would be willing to spend time here at the center answering phones and talking to visitors. The younger kids that I had this year did not know much of the history of the area or where to find things.
