

## beautiful, hospitable garden valley

Just an hour north of Boise is Garden Valley. As its name implies, this delightful town is set in a jaw-dropping beautiful valley along the Southfork of the Payette River. Every year, whitewater enthusiasts make their way here to raft and kayak in a stunning environment. Where else can you find hot springs, jump rocks, surfing waves, waterfalls and class III and IV whitewater thrills in a single 13-mile stretch?

But there's much more to Garden Valley than whitewater. Unique experiences like the open air Starlight Mountain Theater, ATV and horseback trail rides, natural hot springs and more await in Garden Valley. Every season brings endless opportunities to play hard or just sit back and soak it all in. To learn more, visit us online at [www.gvchamber.org](http://www.gvchamber.org).
