PROGRAM NOTICE

Idaho Regional Travel and Convention Grant Program

Notice Date: December 28, 2020

Title: State of Idaho Mileage Rate Change

Effective Date: January 1, 2021

The Board of Examiners for the State of Idaho will be updating the [State Travel Policy](#) to reflect a rate decrease for mileage reimbursement, from \$0.575 per mile to \$0.56 per mile. Please note, the Board of Examiners has communicated that if the federal mileage rate is set below the current State of Idaho, the rate will automatically decrease so we will adjust accordingly in the future and send updates if needed.

These changes are effective January 1st, 2021. Any travel departure date that takes place on or after 1/01/21 will qualify for these changes.

The Idaho Regional Travel and Convention Grant Program Handbook will be updated to reflect this change.
