

The Idaho Housing & Finance Association and Department of Commerce, on behalf of the State of Idaho (“State”), are looking for your feedback on community needs to help inform decisions on the use of funds received from the U.S. Department of Housing and Urban Development (HUD) through the CDBG, HOME, ESG, and HTF programs. As a valued stakeholder and state resident, your feedback will provide the State with unique perspectives.

Here’s how you can help!

ATTEND A COMMUNITY MEETING!

The State is holding four community meetings that are open to the public. The community meetings will be facilitated discussions around community needs, existing resources, and ways we can address gaps for our most vulnerable residents. Seats are limited and registration is necessary. All meetings will be held in person and virtual. If you choose to attend virtually, Zoom information will be forwarded after registration. To register for a session below, please use this [link](#). We’d also appreciate your sharing the word about these meetings and encouraging others who may have valuable input to attend.

ATTEND A
COMMUNITY MEETING!

COMPLETE AND SHARE OUR ONLINE COMMUNITY SURVEYS!

Please complete our online [community survey for residents](#) available in English and Spanish and/or our online [community survey for stakeholder organizations](#)! Your participation will help us gain a more qualitative understanding of the experiences, opinions, and feelings of community members on housing and community service needs. We also ask that you share these surveys with your members, consumers, clients, and partners! Folks are more likely to complete a survey if they received it from someone they know and trust. We hope to reach State residents far and wide with this survey – especially those within vulnerable populations. Your assistance with this outreach is invaluable. We are attaching a QR Code for the resident survey that you can use as part of your promotion, if that’s helpful. This survey will close on **October 4**.

TAKE THE RESIDENT
COMMUNITY SURVEY!

The State is committed to making its public meetings accessible. All interested citizens are encouraged to attend and provide comment. Those with disabilities requiring special accommodations or request for translators or related services for non-English speaking persons should contact Jennifer Alpha at jalpha@tdainc.org for assistance.

Thank you for your participation and all you do for our communities. We look forward to learning your perspectives on these important topics!
